EXPERIENCE

Cartel Roasting Co, Tempe — Warehouse & Logistics Manager

November 2021- February 2023.

My position as the Warehouse and Logistics Manager is the overall responsibility of the department to ensure that we are getting all products to our stores and wholesale customers in a timely and safe way. In this role I have been able to grow into a mindset and start to create my own projects and protocols to create a better process company wide. Sharing the vision and values of the company is the best part of my job.

Everbowl, Scottsdale — Area manager

August 2019 - October 2021

I was in charge of multiple of these companies' Arizona locations and handled all general operations. I did the scheduling, inventory, and the store's orders. I had to make sure all employees kept the store nice and clean while staying within the labor costs given. I always made sure the customer service was above and beyond and did all office work when it came to sales and other goals.

Chipotle Mexican Grill LLC, San Diego — Crew Member

October 2018 - July 2019

I was a crew member and that meant I was in charge of greeting and making the customers' food. I was also learning how to cook the food before it is made for the customer.

EDUCATION

Garfield High School, San Diego — Diploma

September 2018 - April 2019

Graduated Highschool from this school

Chandler Gilbert Community College, Gilbert

December 2020 - May 2021

General education classes and some computer science classes, Only part time at the moment.

Six Sigma Global Institute

Received a Certification in Project Management (CPM)
